Vision for Digital India

- Education -Studied in Canada, Master's from MIT.
- TCS Chapter :
Modernized IT education, R&D with IITs/IIMs. .
- Led key projects in India & globally.
- “He was a true legend, who laid the very foundations for India’s spectacular IT revolution and set the stage for the dynamic modern economy we enjoy today. ... His enduring optimism and his ability to make ambitious bets leaves a legacy — one that has advanced a nation.”—N Chandrasekaran, Chairman, Tata Sons

MR F.C KOHLI

“Father of the Indian IT Industry”

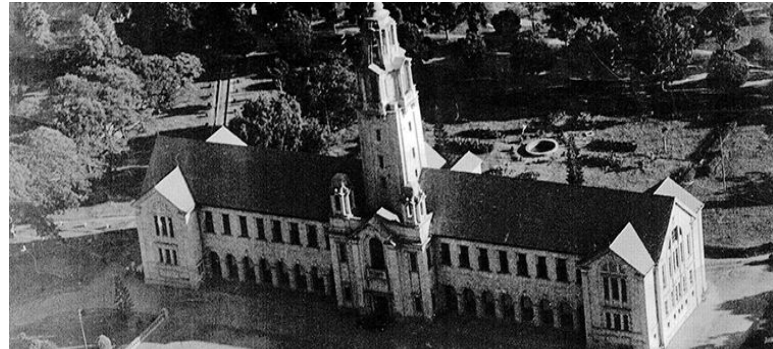

Innovation & Scientific Advancements: Sir Dorabji Tata

- Established IISc in 1909
- Turned his father's vision into reality
- Huge financial contribution
- Collaborated with British Government

Lessons to take-

- Put society/nation first
- Foster innovative mindset
- Be research-oriented
- Have a futuristic vision

Building on belief

Resilience

A Bold Move : Tata's JLR Acquisition

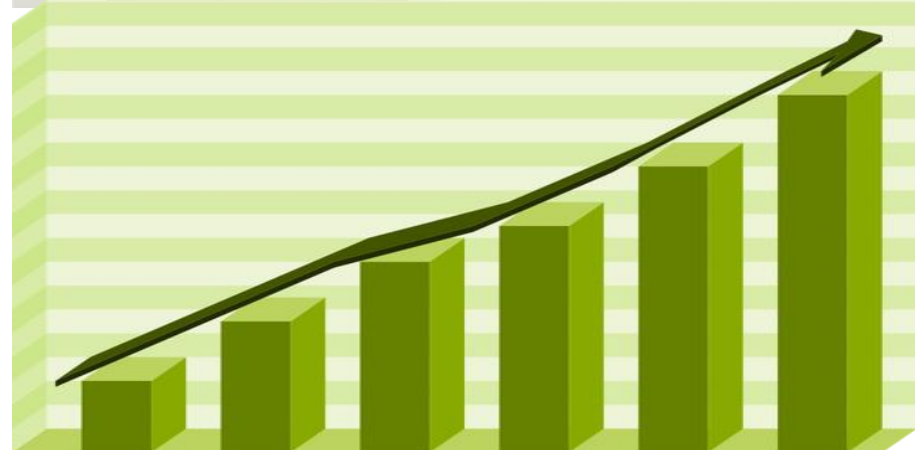

Building on belief

Reclaiming the Road : JLR's Market Success

Positive Impacts:

- Revival of JLR
- Global Recognition for TATA
- Business Philosophy Shift

Eco-Altruism

TATA Initiatives

Environment

Tata Motors' **electric vehicle** line-up.
Embedding **sustainability** into the core business strategies
Achieve **net-zero emissions** by 2045

Education

TISS an example of Tata's commitment to improving education in India
Tejas: Changes how English is taught and learned in rural Maharashtra
JN Tata Endowment for Higher Education

Rural-development

support **11,000+ self-help** groups across India, most of them populated by **women**
sustainable livelihoods through the **Tata Dairy Mission**

Health

1,500 crore to support India's fight against the **COVID-19** virus.
Udaan - a **mental health** programme launched under the leadership of Ratan Tata.
Pledged to **look after the families of employees** who were killed or injured during **Taj Attack**

Never underestimate the power of kindness, empathy, and compassion in your interactions with others.

Success is meaningful when shared....

- **Volunteering and supporting charitable causes**
- **Contribute to community initiatives**
- **Look for ways to live more sustainably**
- **Switch to renewable energy sources**
- **Cycle or walk whenever possible, and use public transport**

A Legacy of Compassion

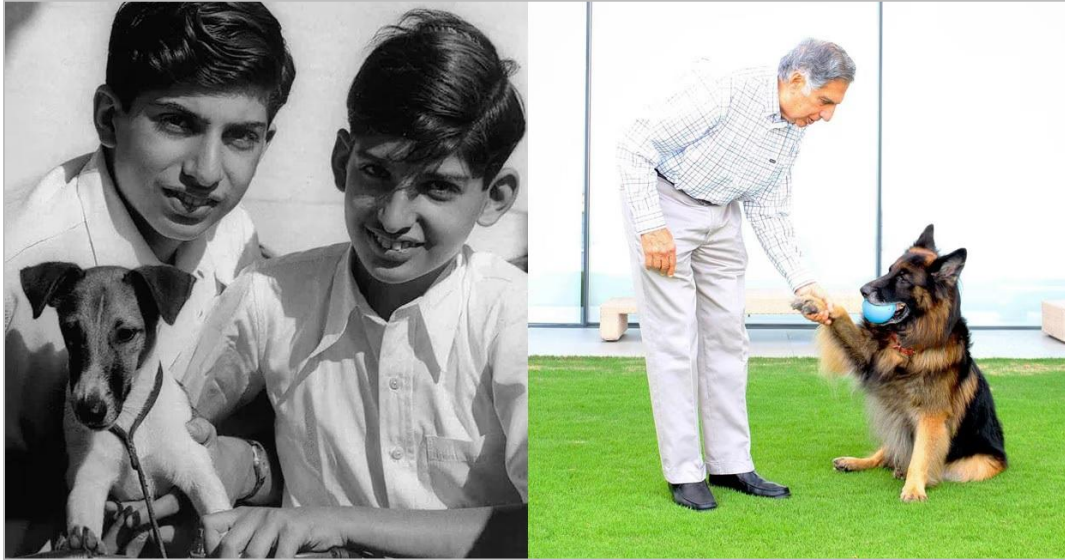

- Tata Trusts Small Animal Hospital inaugurated in Mumbai (July 1, 2024).
- Investment of 165 crore.
- Driven by personal experience with his dog.

Pet = Family Member.

A Legacy of Compassion

Tata's influence as an inspiration

Ratan Tata has been a pet lover since childhood

- Stray Animals Welcomed at Tata Offices
 - Deep-Rooted Love for Animals
- A heart that beats for all,
Sir Ratan Tata's lifelong empathy
for animals has forged a legacy of
compassion, valuing all life.

Thank you
